

Comeback of the classic

# Herringbone

195  
YEARS

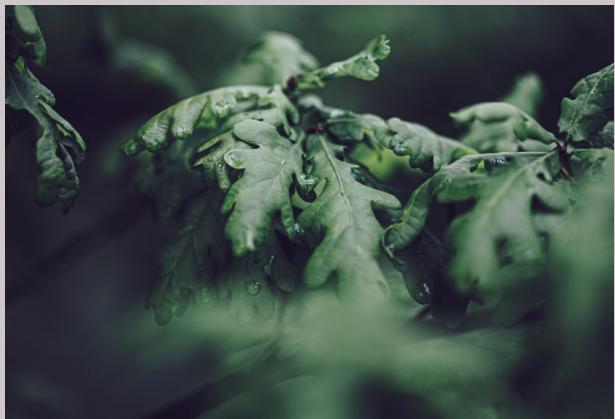

since 1831

## **Find answers – for all in search of well-being**

Wood is our passion. It is a tradition with us. As well as perfection.

As **parquet pioneers**, we are constantly looking for answers to all questions about flooring. On the basis of our knowledge and many years of experience, we are constantly setting new standards and developing innovative natural resources with which we are more than just one step ahead of others.

Our pioneering achievements include Silent Intelligence, Strip Appearance, square edged solid parquet with lacquered surface finish, Weitzer Parkett Multi and much more.

We look forward to laying the optimal foundation for your individual needs at your feet:

**Weitzer Herringbone Collection**

# Anything but ordinary!

Herringbone is not new, but just incredibly beautiful and timeless. With our collection, we let this everlasting laying pattern shine anew. To do this, discover unique maintenance-free function and be inspired by the format of the classic.

## What is Herringbone?

Everyone knows it – but with Weitzer Parkett Herringbone gets a contemporary touch. Excitingly reinterpreted, the well-known classic is once again a highlight. We have thought Herringbone further and in this collection offer you the large block format with a length of 750 mm.

The particularly striking appearance of the herringbone installation depends largely on the dimensions of the individual parquet elements. The secret of this collection is the aspect ratio of 1:6 of the parquet blocks.

Please note: Harmony guarantee! See for yourself!

# Companion through a healthy life

All the colours in the collection will match the current interior trends as well as your existing favorites!

Highly recommended. Wood creates warmth and thus gives rooms coziness. Independent studies show that the surface temperature of parquet compared to laminate is up to at 0.8 °C and compared to tiles. It even feels up to 2.2 °C higher. This also saves heating costs - and that also ensures relaxation.

OUR HERRINGBONE COLLECTION  
SHOWS GREATNESS

## A classic newly interpreted

The Weitzer Block 750 mm block turns the classic into a visual masterpiece. The parquet blocks are additionally offered as French Herringbone parquet in the variants 45 or 60 degrees on request.

**We offer the greatest precision** to make the blocks at the right angle.

### Weitzer Herringbone offers:

- Greatest precision and accuracy of fit
- Also available in the variant French Herringbone parquet in 45° or 60°

ANYTHING BUT SUPERFICIAL

## Also available with the Healthy and Maintenance-Free functions

The choice is yours! Choose the unique finishes of Maintenance-Free Parquet or Healthy Parquet. **The usual Weitzer surface perfection makes the block parquet incredibly durable** – for decades.

### Weitzer Maintenance-Free Parquet:

- Suitable for heavy duty
- Extremely scratch resistant, chemical resistant, etc.
- Easy to maintain - without expensive cleaning agents

A CLASSIC WITH ADDED VALUE

## Ideally suited for underfloor heating

Even in the case of underfloor heating, you do not have to give up your dream home with this type of installation: Our parquet from the Herringbone collection is glued and therefore perfectly suitable.

### Weitzer Healthy Parquet:

- Allergy friendly
- Antibacterial
- Antistatic
- Breathable

# Striking appearance

Choose between classic **Herringbone** installation and the **noble French Herringbone** variant. This also offers the option of making the bars at 45- or 60-degree angles – for a particularly classy alternative. Especially larger rooms benefit from the French variant.

The particularly striking appearance of Herringbone installation depends largely on the dimensions of the individual parquet elements. The secret of this collection is the Weitzer Block 750 mm long!

Greatest precision is required to manufacture the blocks at the correct angle.

**Our know-how in wood processing since 1831 helps us to do this.**

## Weitzer Block 750

2-layer parquet

Dimension: 750 x 125 x 9.3 mm total thickness 9.3 mm with  
approx. 2.7 mm wear layer

## Possible laying patterns

border detail

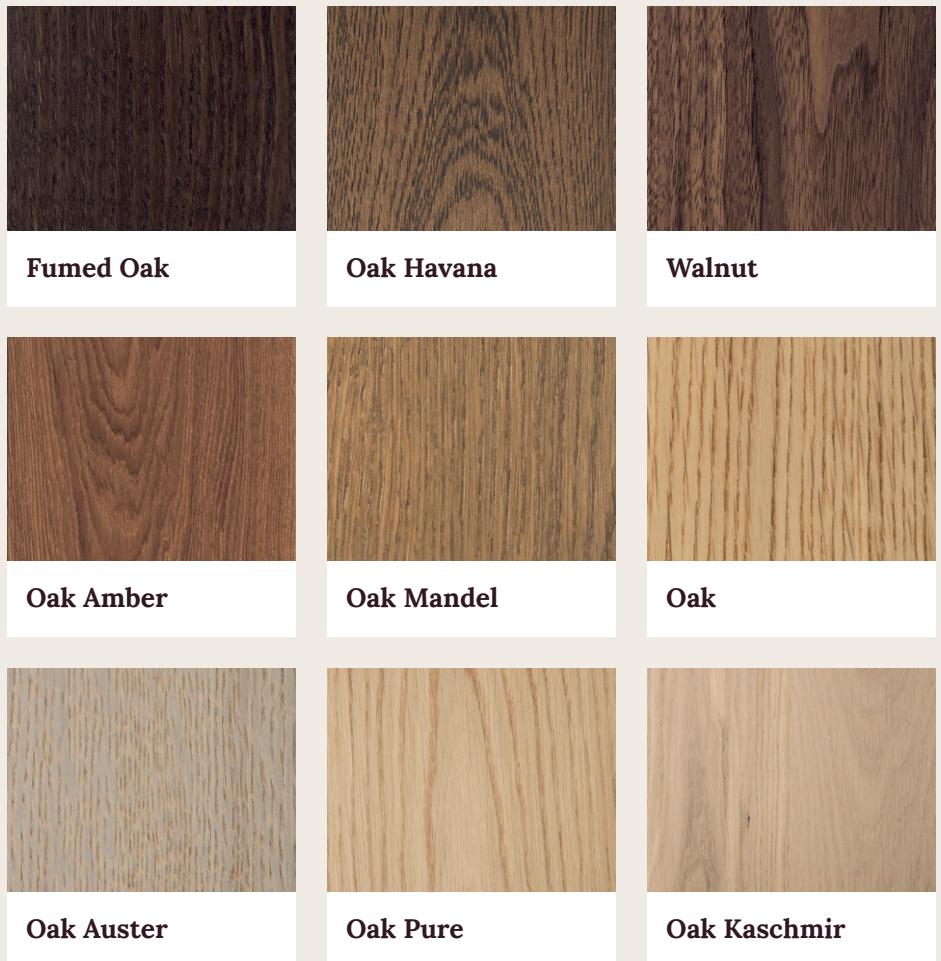

## Smart product design:

- ① Single strip appearance with bevel on the longitudinal and header joints
- ② Tongue and groove joint on four sides
- ③ Support material made of derived timber product
  - Ideally suited to underfloor heating
  - Weitzer Plank 1400 or Weitzer Plank 1000 can be used as a border detail

## Diversity from the forest

**Natural selection: Best of colourful.** Assortment connoisseurs have certainly already noticed: Some colours did not make it into the selection this year. It is not easy to qualify as a "top model" for Weitzer Parkett. Once again, we are living up to our role as trendsetters – and hopefully also to your taste.

### Whether we treat our wood well? Of course!

Our floors are constant companions through life. Therefore, we use only the best sunflower oil, which penetrates deep into the wood and keeps it supple. Linseed oil and natural wax give the surface smoothness and strengthen it against external influences. Also fuming and steaming must be included in the careful "beauty treatment".

Mineral salts

Natural oils &amp; natural waxes

Fuming

Steaming

# What will it be: calm or lively?

Each floor tells its own story because each part of a tree brings its own character. Enjoy the freedom of design possibilities that this creates and give your four walls a maximum of individuality and personality.

The finish enhances or tames the wood structure of your floor and gives it its unique character: calm or lively – the choice is yours!

We think and work holistically. That is why we always process the whole log. Each of our floors has its own individual personality. Choose your favorite look from a wide range of gradings.

**Bevelled**

Emphasizes the plank shape, gives depth and presence.

**Brushed**

Highlights the natural structure of the wood fiber.

## CALM

**Elegantly calm**

Smooth grain, without sapwood: Our timeless grading ensures an elegant, uniform appearance in your four walls.

## LIVELY / LIVELY COLOURFUL

**Colourful variety**

Large knot content, balanced colour image: The lively type of parquet brings a harmonious, colourful look to the room.

# Where does perfect design lead to? All the way to the top!

We believe: The aesthetics of a room should not end at the base of the stairs. That is why we manufacture the matching wooden staircase for every parquet – harmoniously matched to the parquet in terms of format, species, colour and surface. For smooth transitions between floor and staircase with absolute colour uniformity. Choose the dimensionally accurate variant of the step design that is perfect for you.

## Your benefits at a glance:

Floor and staircase  
from a single source

Absolute colour  
uniformity

Harmonious  
transitions

Ideal for  
renovations

## PRECISION IN PERFECTION

## Step edges with profile

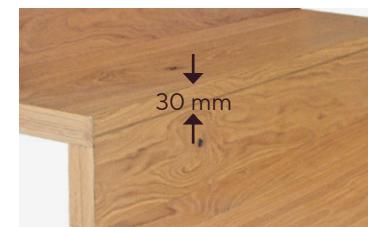

Whether classic step edge profile with 40 mm width or block step profile with jointless cover – we offer you the intelligent solution to every requirement.

**Profile 40 Style**  
Cover for classic design  
(mitered, radius 3 mm).

**Profile 58 Style**  
Cover for noble design  
requirements (mitered,  
radius 3 mm).

**Profile 30 Style Block**  
Cover for a completed design  
(mitered, radius 3 mm).

Wall Cover Moulding

## AESTHETICS AT THE HIGHEST LEVEL

## Head and wall protection strips

For a stylish overall composition, Weitzer Parkett also optimally adapts the front and wall cover mouldings to your staircase.

From simple to elegant, we will add that special finishing touch to your parquet floor. In this way, the individual elements merge to form a uniform, beautiful picture.

# Why sustainable? Because we still have a lot of plans.

Weitzer thinks ahead. As experienced wood pioneers, we always have one thing in mind: The future. That is why it is a special concern for us to take responsibility for nature and the next generations.

No sooner said than done: We are pioneers not only in wood but also in environmental protection – and contribute to a positive life cycle assessment with our entire value chain. Our motto: Acting instead of just talking.

## True pioneers make their mark

Our products proudly bear essential environmental certification marks – such as the "Blue Angel\*", the FSC®\*\*, PEFC\*\*, Real Wood, GreenGuard or TÜV ProfiCert seal. This is more than just a sign that we are taking responsibility for the environment and the next generations.

\*\* Product certification on request

## Regional instead of global

We do not use tropical timber or long transport routes. Instead, we rely on regional timber, most of which comes from a maximum of 250 km away.

In addition, we produce locally and thus make an active contribution to climate protection.

## Recycling instead of throwing away

With timber parts that do not make it into our parquet, we supply not only Weitzer Parkett but also over 50% of the town of Weiz with renewable energy with our in-house biomass cogeneration plant.

## Sustainable in an exemplary way

We focus on the responsible use of resources and source our timber exclusively from sustainable forestry. Wood is a durable, easily recyclable, renewable raw material that also binds CO<sub>2</sub>. It doesn't get any more sustainable than this!
