

Feeling good from scratch:

# Healthy Plank

**195**  
YEARS  
since 1831

made in  
Austria

## Find answers — for all in search of well-being

Wood is our passion. It is a tradition with us. As well as perfection.

As **parquet pioneers**, we are constantly looking for answers to all questions about flooring. On the basis of our knowledge and many years of experience, we are constantly setting new standards and developing innovative natural resources with which we are more than just one step ahead of others.

Our pioneering achievements include Silent Intelligence, Strip Appearance, square edged solid parquet with lacquered surface finish, Weitzer Parkett Multi and much more.

We look forward to laying the optimal foundation for your individual needs at your feet:

**Weitzer healthy parquet:**

# The basis of well-being

The type of flooring contributes significantly to the feeling of well-being in one's own four walls.

Weitzer Healthy Parquet creates the ideal conditions for a healthy, feel-good climate.

## What is Healthy Parquet?

Do you want a floor that creates a healthy environment in which you feel really comfortable? Then we have the intelligent solution for you. The first healthy parquet for feeling good - naturally from Weitzer!

It is **allergy-friendly, antibacterial, antistatic and breathable** at the same time.

Sounds healthy - and it is. Convince yourself!

# Companion through a healthy life

**Sooooothing:** Enjoy the particularly comfortable walking sensation of the healthy parquet – preferably barefoot!

Highly recommended. Wood creates warmth and thus gives rooms coziness. Independent studies show that the surface temperature of parquet compared to laminate is up to at 0.8 °C higher. Compared to ceramic tiles the felt difference is even up to 2,2° C. You may save heating cost and relax even more.

## THE ADVANTAGES

### PROMOTES YOUR WELL-BEING

## Best climate instead of "thick air"

By regulating the humidity, the natural material wood contributes to a **healthy indoor climate**.

In principle, the following applies: The more wood in the room, the better the climate regulation. Our parquet has a particularly high solid wood content and therefore has a positive effect on the indoor climate. It combines fine hardwood with robust solid wood with vertical growth rings as a base.

Not only beautiful -  
also quite smart:

- Highly breathable
- Local renovation possible
- Optimally protected by pure natural oils

### THE NATURALLY OILED SURFACE

## ProVital finish - The floor that breathes.

For our ProVital finish surface, we use **high-quality natural oils and waxes** made from renewable raw materials.

These penetrate deep into the pores, gently wrapping around the wood like a coat and offering Weitzer Healthy Parquet comprehensive protection against external influences.

Weitzer Healthy Parquet:

- Allergy friendly
- Antibacterial
- Antistatic
- Breathable

### FOR MORE HYGIENE

## Everyone feels at home there - except for dust and dirt

The **allergy-friendly, antibacterial, antistatic** and **breathable** properties of Weitzer Healthy Parquet ensure greater hygiene and an absolute feel-good atmosphere.

In contrast to carpets, dust and dirt have no permanent hold on the smooth surface of the parquet and mites have no habitat.

Weitzer Healthy Parquet  
is characterized  
by its **naturally oiled  
ProVital finish surface:**

- See the velvety matte look.
- Feel the fine wood texture.

# Love at first Click

For "flying" parquet change. Easy laying with the intelligent Double-Click system.

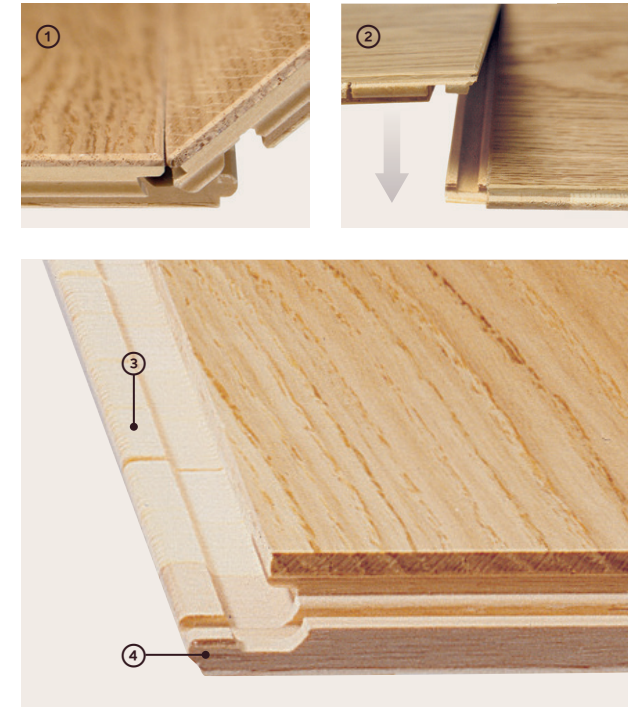

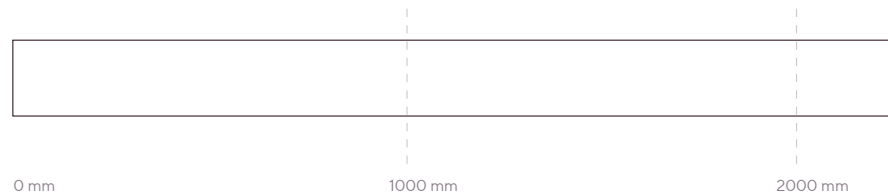

Parquet. Perfect. This includes more than just a beautiful wooden floor. Laying is at least as important. We haven't made it easy for ourselves to make it easier for you. But the pioneering work has paid off: Thanks to the patented Double-Click connection, your Weitzer floorboard can be installed in no time at all: Simple, fast and floating — the ideal laying technology for a "quick" change of parquet, such as when moving.

## Weitzer Plank 2245

3-layer parquet:

Dimension: 2245 × 193 × 13 mm

Total thickness 13 mm with approx. 2.7 mm wear layer

## Smart product design:

- ① Intelligent **Double-Click system**:  
Maximum locking force due to double locking mechanism
- ② **Simple one-man assembly** and disassembly with patented push-button principle for simultaneous locking of the long and short sides in one movement
- ③ End locking made purely of wood – **free of plasticizers** due to the absence of plastic elements
- ④ Base material made of wood with standing annual rings – when glued **best suitability for underfloor heating**

## Diversity from the forest

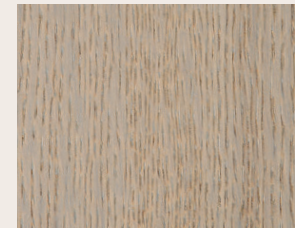

**Natural selection: Best of colourful.** Assortment connoisseurs have undoubtedly already noticed: Some colours did not make it into the selection this year. It is not easy to qualify as a "top model" for Weitzer Parkett. Once again, we are living up to our role as trendsetters – and hopefully also to your taste.

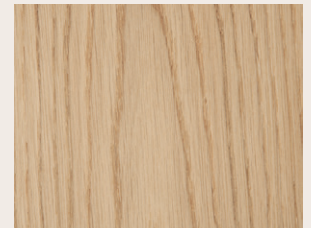

**Oak Amber**

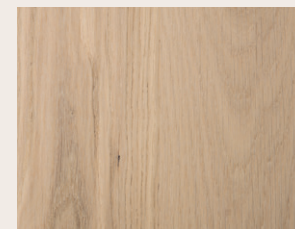

**Oak**

**Oak Auster**

**Oak Pure**

**Oak Kaschmir**

### **Whether we treat our wood well? Of course!**

Our floors are constant companions through life. Therefore, we use only the best sunflower oil, which penetrates deep into the wood and keeps it supple. Linseed oil and natural wax give the surface smoothness and strengthen it against external influences. Also fuming and steaming must be included in the careful "beauty treatment".

**Mineral salts**

**Fuming**

**Natural oils & natural waxes**

**Steaming**

# What would you like: brushed, intensely brushed or scraped?

Each floor tells its own story because every part of a tree has its own character. Enjoy the freedom of the design possibilities that arise and give your room a maximum of individuality and personality.

The finish reinforces or tames the wood structure of your floor:  
Whether beveled, brushed, intensely brushed or scraped - there are no limits to the variety.

We think and work holistically. That is why we always process the whole log. Whether calm, lively or rustic — each of our floors stands out with its own individual personality. Choose your favorite look from a wide range of gradings.

**Beveled**

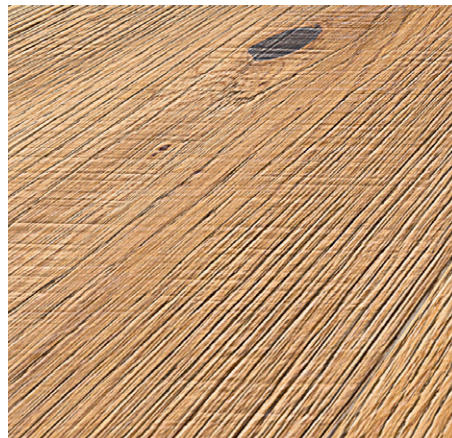

Emphasizes the plank shape, gives depth and presence.

**Brushed**

Highlights the natural texture of the wood fiber.

**Intensely brushed**

Individual look due to hand-crafted features.

**Scraped**

Soft and varied planing gives you a special feeling when you walk on it.

**CALM****Elegantly calm**

Smooth grain, without sapwood: Our timeless grading ensures an elegant, uniform appearance in your four walls.

**LIVELY****Colourful variety**

Large knot content, balanced colour image: The lively type of parquet brings a harmonious, colorful look to the room.

**RUSTIC****Real authentic**

Rough colour and texture differences: All typical features of oak wood. Nature at its best.

# Where does perfect design lead to? All the way to the top!

We believe: The aesthetics of a room should not end at the base of the stairs. That is why we manufacture the matching wooden staircase for every parquet – harmoniously matched to the parquet in terms of format, species, colour and surface. For smooth transitions between floor and staircase with absolute colour uniformity. Choose the dimensionally accurate variant of the step design that is perfect for you.

## Your benefits at a glance:

Floor and staircase  
from a single source

Absolute colour  
uniformity

Harmonious  
transitions

Ideal for  
renovations

Wall Cover Moulding

Multi Front Edge Riser

## AESTHETICS AT THE HIGHEST LEVEL

## Head and wall protection strips

For a stylish overall composition, Weitzer Parkett also optimally adapts the front and wall cover mouldings to your staircase.

From simple to elegant, we will add that special finishing touch to your parquet floor. In this way, the individual elements merge to form a uniform, beautiful picture.

## PRECISION IN PERFECTION

## Step edges with profile

Whether classic step edge profile with 40 mm width or block step profile with jointless cover – we offer you the intelligent solution to every requirement.

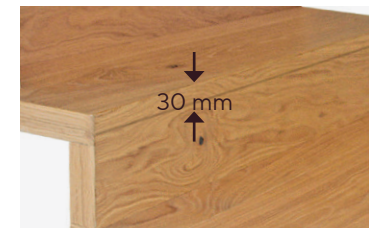

### **Profile 40 Style**

Cover for classic design (mitered, radius 3 mm).

### **Profile 58 Style**

Cover for noble design requirements (mitered, radius 3 mm).

### **Profile 30 Style Block**

Cover for a completed design (mitered, radius 3 mm).

# Why sustainable? Because we still have a lot of plans.

Weitzer thinks ahead. As experienced wood pioneers, we always have one thing in mind: The future. That is why it is a special concern for us to take responsibility for nature and the next generations.

No sooner said than done: We are pioneers not only in wood but also in environmental protection – and contribute to a positive life cycle assessment with our entire value chain. Our motto: Acting instead of just talking.

## True pioneers make their mark

Our products proudly bear essential environmental certification marks – such as the "Blue Angel\*", the FSC\*\*, PEFC\*\*, Real Wood, GreenGuard or TÜV ProfiCert seal. This is more than just a sign that we are taking responsibility for the environment and the next generations.

## **Regional instead of global**

We do not use tropical timber or long transport routes. Instead, we rely on regional timber, most of which comes from a maximum of 250 km away.

In addition, we produce locally and thus make an active contribution to climate protection.

## **Sustainable in an exemplary way**

We focus on the responsible use of resources and source our timber exclusively from sustainable forestry. Wood is a durable, easily recyclable, renewable raw material that also binds CO<sub>2</sub>. It doesn't get any more sustainable than this!

## **Recycling instead of throwing away**

With timber parts that do not make it into our parquet, we supply not only Weitzer Parkett but also over 50% of the town of Weiz with renewable energy with our in-house biomass cogeneration plant.
