Find answers — for all in search of well-being

Wood is our passion. It is a tradition with us. As well as perfection.

As **parquet pioneers**, we are constantly looking for answers to all questions about flooring. On the basis of our knowledge and many years of experience, we are constantly setting new standards and developing innovative natural resources with which we are more than just one step ahead of others.

Our pioneering achievements include Silent Intelligence, Strip Appearance, square edged solid parquet with lacquered surface finish, Weitzer Parkett Multi and much more.

We look forward to laying the optimal foundation for your individual needs at your feet:

Weitzer Maintenance-Free Parquet

More time for the finer things

Who says that a beautiful floor also needs a lot of maintenance? We prove the opposite. Due to its unique surface, the floor only needs to be cleaned gently.

What is Maintenance-Free Parquet?

You want a floor that is always beautiful even with little effort? Then we have the intelligent solution for you. The unique Weitzer Maintenance-Free Parquet.

Weitzer Parkett's innovative Maintenance-Free Parquet puts an end to tedious maintenance rituals. This is ensured by the **unique pore-deep multiple special sealing**.

Too good to be true? Convince yourself!

Companion through a healthy life

Showpiece: Enjoy the lasting beautiful shine of Maintenance-Free Parquet – more time for the finer things in life!

Highly recommended. Wood creates warmth and thus gives rooms coziness. Independent studies show that the surface temperature of parquet compared to laminate is up to at 0.8 °C and compared to tiles. It even feels up to 2.2 °C higher. This also saves heating costs – and that also ensures relaxation.

GIVES YOU TIME

Unconditionally beautiful!

Weitzer Parkett is the only manufacturer to offer the patented Maintenance-Free Parquet. Our floors are coated with a specially developed pore-deep multiple special sealing. This revolutionary technology effectively protects the floor from dust, abrasion and dirt deposits and makes it scratch resistant. The gloss is retained, the floor remains permanently beautiful – **completely without additional maintenance and great effort.**

Not only beautiful - also quite smart:

- Revolutionary technology
- Pore-deep special sealing
- Suitable for underfloor heating

INNOVATIVE TECHNOLOGY

Gives dust and dirt no chance

Thanks to multiple special sealing, a unique effect is achieved that protects the parquet even under heavy use. In addition, the penetration and deposit of dust and dirt in the parquet is almost impossible.

Because: Based on its **years of experience** with hardwood drying, Weitzer Parkett has developed a system that guarantees accuracy of fit and prevents problematic joint formation.

Weitzer Maintenance-Free Parquet:

- Suitable for heavy duty
- Extremely scratch resistant, chemical resistant, etc.
- Easy to maintain - without expensive cleaning agents

NATURALLY TRENDY

Also suitable for underfloor heating

Visually, Maintenance-Free Parquet from Weitzer Parkett convinces with its trendy and at the same time noble appearance. The natural matt look of the lacquered surface pleases the eye, the tactile brushing* your feet. If Maintenance-Free Parquet is glued down, it is ideally suited for underfloor heating.

*except products in wood type walnut

The advantages of a special sealing with the look of a naturally oiled surface:

- See the natural mat look.
- Feel the pore structure.

Love at first Click

For "flying" parquet change. Easy laying with the intelligent Double-Click system.

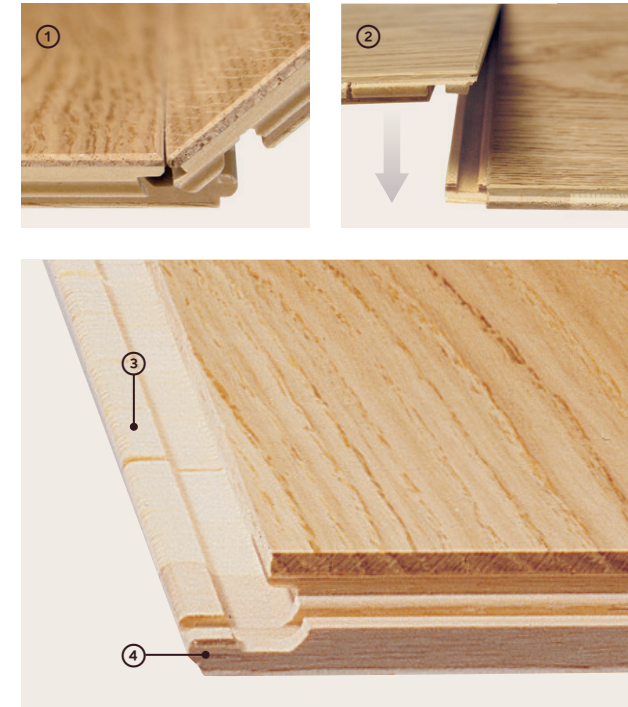

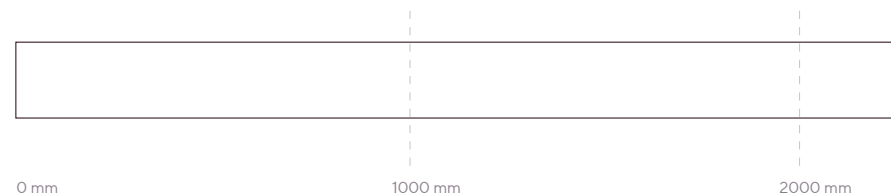

Parquet. Perfect. This includes more than just a beautiful wooden floor. Laying is at least as important. We haven't made it easy for ourselves to make it easier for you. But the pioneering work has paid off: Thanks to the patented Double-Click connection, your Weitzer floorboard can be installed in no time at all: Simple, fast and floating — the ideal laying technology for a "quick" change of parquet, such as when moving.

Weitzer Plank 2245

3-layer parquet:

Dimension: 2245 × 193 × 13 mm total thickness 13 mm with approx.

2.7 mm wear layer

Smart product design:

- ① Intelligent **Double-Click system**:
Maximum locking force due to double locking mechanism
- ② **Simple one-man assembly** and disassembly with patented push-button principle for simultaneous locking of the long and short sides in one movement
- ③ End locking made purely of wood – **free of plasticizers** due to the absence of plastic elements
- ④ Base material made of wood with standing annual rings – when glued **best suitability for underfloor heating**

Diversity from the forest

Natural selection: Best of colourful. Assortment connoisseurs have undoubtedly already noticed: Some colours did not make it into the selection this year. It is not easy to qualify as a "top model" for Weitzer Parkett. Once again, we are living up to our role as trendsetters – and hopefully also to your taste.

Whether we treat our wood well? Of course!

Our floors are constant companions through life. Therefore, we use only the best sunflower oil, which penetrates deep into the wood and keeps it supple. Linseed oil and natural wax give the surface smoothness and strengthen it against external influences. Also fuming and steaming must be included in the careful "beauty treatment".

What would you like: Calm, lively or rustic?

Each floor tells its own story, because each part of a tree brings its own character. Enjoy the freedom of design possibilities that this creates and give your four walls a maximum of individuality and personality.

The additional treatment strengthens or tames the wood structure of your floor and gives it its unique character: Bevelled or brushed – the choice is yours!

We think and work holistically. That is why we always process the whole log. Each of our floors has its own individual personality. Choose your favorite look from a wide range of gradings.

**Bevelled**

Emphasizes the plank shape, gives depth and presence.

**Brushed**

Highlights the natural texture of the wood fiber.

**CALM****Elegantly calm**

Smooth grain, without sapwood: Our timeless grading ensures an elegant, uniform appearance in your four walls.

**LIVELY / LIVELY COLOURFUL****Colourful diversity**

Large knot content, balanced colour image: The lively type of parquet brings a harmonious, colourful look to the room.

RUSTIC / RUSTIC COLOURFUL**Real authentic**

Rough colour and texture differences: Oak wood species shows character and allows the tree to live on as a piece of living nature.

Where does perfect design lead to? All the way to the top!

We believe: The aesthetics of a room should not end at the base of the stairs. That is why we manufacture the matching wooden staircase for every parquet – harmoniously matched to the parquet in terms of format, species, colour and surface. For smooth transitions between floor and staircase with absolute colour uniformity. Choose the dimensionally accurate variant of the step design that is perfect for you.

Why sustainable? Because we still have a lot of plans.

Weitzer thinks ahead. As experienced wood pioneers, we always have one thing in mind: The future. That is why it is a special concern for us to take responsibility for nature and the next generations.

No sooner said than done: We are pioneers not only in wood but also in environmental protection – and contribute to a positive life cycle assessment with our entire value chain. Our motto: Acting instead of just talking.

True pioneers make their mark

Our products proudly bear essential environmental certification marks – such as the "Blue Angel*", the FSC**, PEFC**, Real Wood, GreenGuard or TÜV ProfiCert seal. This is more than just a sign that we are taking responsibility for the environment and the next generations.

Regional instead of global

We do not use tropical timber or long transport routes. Instead, we rely on regional timber, most of which comes from a maximum of 250 km away.

In addition, we produce locally and thus make an active contribution to climate protection.

Sustainable in an exemplary way

We focus on the responsible use of resources and source our timber exclusively from sustainable forestry. Wood is a durable, easily recyclable, renewable raw material that also binds CO₂. It doesn't get any more sustainable than this!

Recycling instead of throwing away

With timber parts that do not make it into our parquet, we supply not only Weitzer Parkett but also over 50% of the town of Weiz with renewable energy with our in-house biomass cogeneration plant.
